

SoulTone Cymbals bieten einen überragenden Sound und eine aussergewöhnliche Performance. Sie unterstützen den musikalischen Ausdruck und sind konzipiert für die Bedürfnisse der Künstler von heute. Unabhängig vom Stil oder gewünschten Sound des Performers eignen sich SoulTone Becken hervorragend für sowohl traditionelle als auch moderne Beats. Dies bei geringerem Kraftaufwand, besserer Kontrolle und natürlich mit einem wunderschönen, musikalischen, satten Klang, der jeden Schlagzeuger dazu verführt, noch länger und noch besser zu spielen. Gefühle sind bei diesen Becken einzigartig durch den schneller ansprechenden Aufschlag am Stick, der eine verbesserte Präzision gewährleistet, ohne dass die Dynamik der Performance verblasst.
